A hand-drawn diagram on graph paper showing a rectangular frame. The frame is defined by a top horizontal line, a bottom horizontal line, and two vertical lines on the left and right sides. The interior of the rectangle is filled with a grid of small squares, representing a discretized mesh for structural analysis. The top horizontal line has three vertical tick marks, and the bottom horizontal line has three corresponding vertical tick marks, suggesting a division of the horizontal span into four equal segments. The vertical lines are slightly curved, and the overall drawing is done in blue ink.
